

# WELCOME AT HOTEL IBIS STYLES ALMERE

Hereby we would like to give you information about the covid-19 measures and general information regarding your room and the hotel. Questions? Our team is always there for you!

## A GOOD START TO THE DAY

At the moment we serve you a tailor-made breakfast. Please fill in your breakfast wishes on the breakfast form. You may choose if you'd like breakfast in your room or in the restaurant. Please hand in the form at the reception desk. Our breakfast is served from 7am to 10am during weekdays and from 8am to 11am on weekends and holidays. Early bird? No problem! Please let our team know in time and we can arrange an early breakfast for you. Enjoy your breakfast!

## ENJOY WITH DISTANCE

As a hotel we make sure we do everything we can according to the covid-19 government guidelines. We would like to ask you to follow the guidelines as well. Please keep distance from other guests and our staff and make sure to use our hand disinfection stations. Wearing a mask is not mandatory but we would like to advise you to wear one while walking in the public spaces.

## RESTAURANT AND BAR

We'd love to welcome you at our brasserie. With our seasonal menu we offer you plenty delicious dishes. Our kitchen is open until 9PM. At the entrance of ibis Styles Almere you'll find our cozy bar. We'd love to meet you there for a seasonal beer, a cup of coffee or just a nice chat in a homely atmosphere. Due to covid-19 measurements we are not allowed to serve alcohol after 8PM.

## I FORGOT TO BRING MY...

Not a problem at all. There's a vending machine on the ground floor with toothbrushes, razors, deodorant and many more items. Plus some small snacks, water and sodas. Please know that the water from the tap in the Netherlands is drinkable. We are one of the ten countries in the world with the best quality tap water to drink. Who would have thought water would taste so good!

## IT'S ALWAYS COFFEE AND TEA TIME

Therefore we offer our guests complimentary coffee and tea at our brasserie. Enjoy! Only our superior rooms have coffee- and tea facilities in the room. If you'd like your own coffee and/or tea facilities in your room please inform us at the front desk for possibilities.

## HEATING

The temperature is always automatically adjusted to a pleasant room temperature. You can heat the room with the heating (underneath the window) in your room and the convector in the bathroom. Please note you can't control the room temperature with the white knob on the wall. The comfort cooling and heating system adjusts the temperature automatically.
